First Reading Assignment

Read Chapters 1 and 2 of *Sharing the Dance* by Cynthia Novack. The bookstore has not yet received copies, but there are two copies on reserve in the dance classroom and two copies in the library. There are also ten people in class who have all read *Sharing the Dance* in previous semesters and presumably own copies of the book. Please find a copy to use for this first assignment and share amongst yourselves as needed.

After each reading assignment, write and hand in a reading response that connects the reading either to your experience of contact improvisation or to other ideas in your studies/life. As you would in other classes, be specific in citing the parts of the text that you are discussing.

Length: approximately 2 pages double-spaced typed (or equivalent hand-written)

Due: at or before the start of class on Monday February 17
